BOY BADLY HURT

TEN-YEAR-OLD LAD IN RUN-AWAY INJURED BY BROKEN BOTTLES

At about 1:30 Tuesday afternoon while a delivery wagon was being loaded at the Glendale Creamery, 755 West Doran, for the regular trip, Charles Kausen, of 360 Salem street, who had been acting as delivery assistant to the driver, was in the back part of the wagon, arranging the cases of filled bottles as the driver passed them over to him. Suddenly the horses became frightened and started to run. The driver jumped or was thrown out and before Charles could leap to safety the wagon was overturned and he was entangled in a mass of broken bottles while the wagon was dragged along on its side till the horses could be overtaken and stopped. He was bleeding profusely when rescued and Dr. Boyer was at once summoned. He took the suffering boy to his office where he was put under the influence of ether while his wounds were dressed. There was a bad cut in the back of his head, a gash 8 inches long on the right arm and one 4 inches long on the left arm and he was otherwise cut and bruised. Pieces of broken glass were found in the cuts. He was removed to his home as soon as possible, and this morning was getting along reasonably well, though in a high fever from his wounds.

The little fellow had been working only two weeks, getting up at 4 in the morning, so anxious was he for employment.

BACK TO COLORADO

James M. Cazer and family who have been living the past year at 413 East Elk avenue will return to the old farm near Windsor, Colorado, this week. Though they had a rather unpleasant experience while living in Glendale, the eldest daughter, Miss Inez, suffering a mild attack of scarlet fever, resulting in a quarantine of the family for six weeks, they dearly love this beautiful little city and are leaving solely because they cannot find a place to rent, the lease on their present quarters having expired. They are determined to return to Glendale to live, some day, probably late this fall.

POSTOFFICE JOKE

A lady, a newcomer to Glendale, called at the Los Angeles-Glendale postoffice Tuesday at about nine o'clock a. m. and as it is the rule to keep only one of the three windows open, and that window being the money order window at that time, the lady very intelligently looked at the window labeled "General Delivery" which was closed, and after waiting a few minutes stepped forward and asked the clerk at the money order window when the general delivery department of the office opened. The clerk replied at 8 o'clock a. m. The lady very politely said, "I see it is closed now." The clerk then informed the lady that the general delivery mail would be given out at the money order window. Strangers do not understand the abbreviated manner in which the branch postoffice in this city is conducted.

IS IT COMING?

ANOTHER ADVANCE IN THE PRICE OF MILK DUE VERY SOON, IT IS SAID

Los Angeles dailies have been discussing recently the question of the dairies raising the price of milk to 9c a pint and 15c a quart. One paper announced that the raise would go into effect August 1st and another put the date at September 1st. The Glendale dairies have as yet had no notice from the Milk Producers' Association, which controls the price of milk, ordering them to advance the price. A representative of one of them, appealed to by the Evening News for information, while denying that any advance had been ordered, said one was undoubtedly necessary very soon, as everything in the way of feed and materials had advanced 100 per cent. while milk had advanced to the consumer only 40 per cent. Milk consumers are partly to blame for advances, was the assertion, for they add to the dairy's expenses by carelessly or wilfully holding back bottles, thus adding greatly to the expense of conducting the business. Some women even put up fruit and relishes in bottles belonging to dairies. If, as the couplet reads: "Tis a sin to steal a pin, And a greater to steal a tater," how much more of a sin to retain for one's own use the bottle belonging to the dairy, and which costs from 6c to 10c. "Think on these things."

STEREOSCOPIC CAMERA

ATTRACTING MUCH ATTENTION FROM MOVING PICTURE, COMMERCIAL PHOTOGRAPHERS

The reports which have found their way into print about the stereoscopic camera which has been developed by C. Stuart Steelman of this city, have aroused the greatest interest among commercial photographers, and moving picture people, who are quick to see the advantages. He is beginning to receive a great many inquiries and visits from persons who are interested in a practical way and it has naturally increased his impatience to secure the lenses which are needed for his demonstration camera and which have been ordered from an eastern concern. The other parts of the camera are ready and he hopes to receive these fittings inside of a week. In the beginning he was so well satisfied with the demonstration of his theory on paper that he was not in a hurry to see it proved to others, but now, as the time approaches for the realization of his expectations, he admits he can scarcely wait.

The Charley Chaplin Company is among the inquirers who want to get in touch with the doctor, and business friends have suggested that he manufacture the cameras himself and then lease them to concerns which wish to use them, particularly the moving picture corporations. A capitalist has come forward and offered to back him in such a project but the doctor is making no decisions until the camera is visualized.

The doctor has discovered that all sorts of freak pictures applicable to film comedy are going to be made possible by its special construction, and it looks as though he had worked out something which will have great possibilities. For one thing it will improve upon the natural eyesight because it will cover a greater radius and of course register it on the film.

WATER ALL RIGHT

GLENDALE HAS ABUNDANT SUPPLY OF PURE WATER FOR ALL PURPOSES

At 9 o'clock this morning, promptly upon the time advertised, Glendale's reservoirs were full of the purest water known to man, and it can be used for all purposes. The chemical treatment dislodged the fungus growth from the pipes and though a few particles may be discerned for a day or two, these will all soon disappear. There is an abundance of water for all purposes and when the steady increase in population demands more, new wells can be sunk on our own territory to supply this demand. The past two "dry" winters have shortened the water supply of all Southern California and, as has been noted before in these columns, Los Angeles is sinking 100 wells to stave off the shortage threatening her supply. No municipality in the state is more fortunately situated than Glendale in regard to an abundant supply of pure water for all purposes. Of course, there should be no waste of water by any one, abundant though the supply is, for that makes unnecessary pumping.

CARNATION LODGE

REBEKAHS INSTALL OFFICERS WITH APPROPRIATE CEREMONIES AND FESTIVITIES

The formal installation of officers of Carnation Rebekah Lodge took place Tuesday evening in Odd Fellows' Hall on East Broadway. Margaret Gough, Deputy District President, and her staff, of the Silver Wave Lodge, Santa Monica, were the installing officers.

Officers installed were: Eliza Arbutnot, Noble Grand; Hortense Lund, Vice-Grand; Anna Current, Recording Secretary; Mary Lyons, Warden; Nellie Cleeland, Conductor; Ida Smith, Right Supporter to Noble Grand; Margery Weaver, Left Supporter to Noble Grand; Rev. C. R. Norton, Chaplain; Bertie Smith, Right Supporter to Vice-Grand; Laura Jones, Left Supporter to Vice-Grand; A. D. Hartley, Inside Guardian; L. M. Weaver, Outside Guardian.

After the ceremonies were over, brief addresses were made by the Deputy District President and members of her staff, which were followed by the serving of refreshments in the banquet hall of the lodge.

Mrs. Peter Bartmus and baby son, Galen Fuller Bartmus, of Calipatria, Cal., are the summer guests of Mrs. Bartmus' mother, Mrs. S. A. Fuller, of East Broadway.

ORDER AIRPLANES BURNED

WITNESSES DESCRIBE MILLION DOLLAR FIRE ORDERED BY AMERICAN ARMY OFFICERS

(Special Service to Glendale Evening News)

NEW YORK, July 30.—Witnesses who were testifying today in the Congressional investigation into the conduct of the war, described "a million dollar fire" which it was alleged occurred at Colombey-les-Belles in May. They said that on orders of American army officers one hundred airplanes, including Liberties, Spads and Samsons were piled in a huge stack and burned. The engines were first removed. Lieut. Paul L. Lockwood declared it was "apparently useless destruction," and that the planes were in good condition. Sergt. Fred Bailey testified that he commanded a squad which burned the planes. He said all were apparently good and the records showed that one had been used only twenty minutes. He said none of his men could learn why the fire was ordered.

GERMAN GOVERNMENT INDORSED

NATIONAL ASSEMBLY GIVES IT A VOTE OF CONFIDENCE 243 TO 53

(Special Service to Glendale Evening News)

WEIMAR, July 30.—The German National Assembly gave a vote of confidence in the government today of 243 to 53. It is reported that Bernstorff is to succeed Mueller as foreign minister.

AUSTRIA AND THE PEACE TREATY

HAS BEEN GIVEN BY ALLIES UNTIL AUGUST 6 FOR CONSIDERATION OF PACT

(Special Service to Glendale Evening News)

PARIS, July 30.—Austria has been given until August 6 to consider the peace treaty.

CRISIS OVER IN CHICAGO RACE RIOTS

ZONES ESTABLISHED IN RIOT DISTRICTS IN CHARGE OF CAPTAIN AND 150 OFFICERS

(Special Service to Glendale Evening News)

CHICAGO, July 30.—Fourteen hundred additional militiamen were mobilized this morning to assist 4200 troopers in quelling race riots here. The official lists show that twenty-seven persons have been killed and an unknown number injured in the last thirty-six hours. All the major clashes last night were confined to the black belt.

The police have instituted a zone system assigning a captain and 150 officers to each ten blocks in the rioting districts. The police and mayor believe the crisis is over. The governor is remaining here and holding conferences. He has declared his readiness to put every available militiaman into action.

In the meantime steps have been taken to relieve the situation caused by the street car strike. The cooler labor leaders have started a movement for a referendum vote among carmen on returning to work. International treasurer David of the Carmen's union declared that a group of 300 radicals is responsible for the strike. International officers have recommended that the men accept the terms offered them.

Berger Odman, white, died this morning from wounds received in race rioting Monday night. During the morning there was one small outbreak in the negro district but increased patrols are keeping order elsewhere. A policeman and one negro were injured in this morning's outbreak. Eighty-five negroes and seventeen whites are under arrest. Included among them are several who were arrested in the act of committing murder. They will be tried on murder charges. The prisoners include eleven uniformed ex-soldiers. Two were wearing war crosses.

JAPAN BUYING OIL PROPERTIES

PURCHASING AMERICAN HOLDINGS IN MEXICO—OWNERS DISCOURAGED BY AMERICAN INACTION

(Special Service to Glendale Evening News)

WASHINGTON, July 30.—Senator Phelan of California in an interview today, declared that Japan is buying American oil interests in Mexico and that the lack of a strong American policy in Mexico is discouraging the American oil men who are selling readily to the Japanese. He declared that England is following the same policy and buying up all available oil properties and for that reason the United States should "take a positive stand" regarding Mexico in order to encourage Americans in retaining Mexican oil properties. Senator Phelan quoted the reports of Chief Manning of the Bureau of Mines which declare that the United States should adopt a zealous effective policy in protecting the rights, property and lives of Americans operating in other countries. He also quoted the letters of Oil Director Mark Requa, of the former Fuel administration and from Chief Otis Smith of the Geological Survey urging that the government support the big oil companies as the Royal Dutch Shell company is supported, to develop American foreign oil interests.

IDEAL CAMPING PLACE

MR. AND MRS. A. A. BARTON AGAIN VISIT BEAUTIFUL LYTLE CREEK CANYON

Mr. and Mrs. A. A. Barton have returned from another week-end camping trip to Lytle Creek Canyon where they were located about a mile this side of Glen Ranch. They are more enthusiastic than ever about it as a place to rest and enjoy nature in the wild. The weather is never very hot there, but this time it was ideally cool. Mrs. Barton mentions as one of the reasons for its popularity the fact that the stream from which the campers draw their water is kept pure and clean. It is the source of the water which supplies San Bernardino and to insure its freedom from pollution it is constantly patrolled by a water guard. Another advantage is the ability to get supplies in the way of fresh milk, butter, fruit and vegetables from Glen Ranch. Beyond the boundaries of Glen Ranch, further up the canyon, is the government reserve where a colony of cottages has been established known as Brookside Camp, on ground leased from the government. Below Glen Ranch are reservations available to campers who either bring their own equipment or lease a tent. Never before has the canyon been so full of campers or the accommodations at Glen Ranch been so severely taxed, as there appears to be a great rush for the mountains this year and a growing appreciation of the beauties and advantages of this particular canyon. The forest fires the Bartons encountered on their previous trip are entirely over now.

LIFE OF SORROW ENDS

BURIAL OF MRS. ELIZABETH McCULLUM TAKES PLACE THURSDAY AT LONG BEACH

Funeral services over the body of Mrs. Elizabeth McCullum, a member of the Glendale Presbyterian Church and former resident of this city, will be held at the Cleveland Undertaking Parlors on American avenue, Long Beach, Thursday afternoon, at 2 o'clock.

Mrs. McCullum who for some time had been in Long Beach with old friends from Tennessee, Mr. and Mrs. Cadman, about two weeks ago underwent an operation for intestinal trouble. She came through the ordeal wonderfully well and physicians and nurses were very hopeful about her, but the general debility of her system and a weak heart brought about her death which occurred on Wednesday, July 23d. On that day a cablegram was received from her son, Captain Edwin Kirby Jones, who enlisted in the army soon after war was declared, announcing his departure from France for the United States. Her friends have therefore been unable to communicate with him and funeral services have been delayed pending the arrival of her nephew from Fayetteville, Tenn., to take charge of her affairs. It will be a sad homecoming for her son who is bringing a bride whom he married in France.

To the deceased was allotted more than the usual portion of grief. Her first husband, a Presbyterian clergyman, passed away, suddenly, and her second husband and young daughter died under very tragic circumstances in this city. It is probable that quite a large delegation of members of the Presbyterian Church will attend the funeral and Rev. W. E. Edmonds will participate in the services.

WHAT KIND OF LENSES TO BUY

Two years ago when the biennial spasm of automobile law enforcement was in full force, H. M. Butts, of the Monarch Co., gained the good will of hundreds of motorists by adjusting their headlights to conform to the law, free of charge, issuing certificates of correctness to the owners of cars inspected. Now when there seems to again be a determination to enforce the law against the headlight glare which has resulted in the death of so many victims, he is considered an authority on the proper lenses to be used, hence the ad of the Monarch Co. in this issue will be read by all seeking to buy the proper lenses.

PEACH PARTY

The B. Y. P. U. of the Glendale Baptist Church will enjoy a peach party next Friday night at the home of J. H. Edwards in Burbank at the corner of Tenth street and Kenneth Road.

WELCOME HOME

LARGE PARTY GIVEN IN HONOR OF SOLDIERS RETURNED FROM OVERSEAS

Mrs. Grace Gilman of 315 West Elk avenue, this city, was hostess at a big "welcome home" party given by her at the Odd Fellows' Hall Saturday evening in honor of her nephew, Irving Brooks, of Lankershim, recently returned from France. He gave eighteen months to Uncle Sam and bears on the sleeve of his uniform two gold stripes in recognition of his year of service in France. He was discharged with the rank of sergeant. Five of his comrades were also guests of honor, viz: Morton Westfield, Lee Duncan, Lee Killion, Leon Flores and Paul Brown.

The lodge hall was beautifully decorated with flags and guests danced until 11 p. m., when a banquet was served by Mrs. Gilman in the banquet room of the lodge.

Those present were: Messrs. and Mesdames R. W. Brooks, Ray Brooks, Allen Richardson, Westfield, Samson and Roberts, Mesdames Howe, Coles, H. Wheat, Misses Cora Meyers, Mildred Brooks, M. Duncan, Charlotte Samson, M. Hartsook and Howe, Messrs. Lee Duncan, Bob Reed, Morton Westfield, Paul Brown, Eddie Radcliff and Allen, all of Lankershim; Messrs. and Mesdames A. H. Hurst, Carl Gilman, G. E. Whittemore, E. Rapp, J. Conley, E. R. Flores, O. L. Arbogast, J. Sweeney, E. Applegate, W. Beck, R. Fleming, Pollas, Smith, Fredenberg, Wood, French, Sullivan and Van Sky, Mrs. G. H. Bevan, Mrs. Payne and Mrs. Shaw, Misses L. Corbit, B. Corbit, J. Sands, M. Sipes, Elizabeth Mason, Marian Mason, B. Huskins, D. McGinness, Pauline Meyers, Frances Huntington, West and Merriam, Messrs. Jack Arbogast, Joe Corbit, J. Montague, Lee Killian, J. Maxwell, L. Holloway, Leon Flores, David Coleman, M. Heron, Fredericks, Carey, Payne, Bernesconi, William Kelly, Nash Gilman and Arthur McLaughlin of Glendale.

Mr. and Mrs. Carl Gilman and children of 315 West Elk avenue, left Tuesday for Little Bear Lake in the expectation of being gone two weeks. They went by auto.

THINKS THE NEWS THE BEST EVER FOR ADVERTISERS

Mrs. J. H. Braly continues to extol the Evening News as an advertising medium. "It is the most wonderful little paper I ever knew," she affirmed Tuesday. "I advertised some chickens for sale Saturday and before I had received my paper there was a call from a lady who got hers earlier and she bought four of my chickens. By the next day all were sold. Discontinue the ad at once, please, as I do not want to keep on answering calls."

FATTY ARBUCKLE MOVES STUDIO

Fatty Arbuckle, who has been making most of his films at the Astra Studio out on Verdugo Road, was too cramped for room under the plan adopted by the new producing company that recently took over the Astra, so he fitted up a large studio at Culver City for the exclusive use of his company. However, Glendale will not suffer by this action as the new company will feature five leading stars of filmdom.

ALLEN DAVENPORT IN OLD JOB

Allen Davenport, son of Mr. and Mrs. Hal Davenport of South Glendale avenue, has returned to his old job with the Wright, Callender & Andrews Co., real estate operators of Los Angeles. He was discharged from the navy with the rank of lieutenant and got home about three weeks ago after a leisurely transcontinental trip in which he made stops in Illinois, Nebraska and Colorado to see friends. He says it seems good to get back to civilian life although he has no complaints to make of his treatment while in the navy.

SEWER QUESTION

ENGINEER FRANK H. OLMSTEAD WILL DISCUSS MODERN METHODS OF DISPOSAL

Probably the principal question in the minds of the residents of Glendale in connection with the matter of annexation to Los Angeles is the sewer question. The people want to know whether Glendale can solve this question without outside assistance. At a meeting to be held Friday evening, at the High School, Frank H. Olmstead, an eminent engineer, will discuss modern methods of sewage disposal in cities, with particular reference to the Glendale situation. The meeting should be largely attended.

GLENDALE, CALIFORNIA, WEDNESDAY, JULY 30, 1919

LONGING FOR CALIFORNIA

Californians are apt to feel very much aggrieved if there is ever any shortage of water, but a visit to the "old home" in the East might convince them that they are not so worse off here even though the winter rains were insufficient to furnish the usual stores of water. A letter received today by a member of the staff of the Evening News postmarked Grand Rapids, Michigan, complains bitterly of the high cost of living there and states it has been a very warm summer "with very little rain so that the pastures have practically dried up and farmers must feed their stock. With grain and hay so high and the prospect of poor crops of many things, especially late potatoes and beans, the future of the 'Ultimate consumer' is not very bright. However, perhaps we have all grown so used to having the screws twisted a little tighter now and then that a few more turns won't make much difference. How I would like to spend a year in California!"

GERMAN PROFESSORS

Only a little while ago the faculty of the Sorbonne and other great French schools publicly declined to renew scientific relations with the professors of Germany until repentance has been shown and atonement made. Now Nicholas Murray Butler of Columbia University speaks similarly for America. Until the men of science of Germany, who contributed so extensively to the horrors of war, supported the junkers of Prussia in all their scheming, taught the superman doctrine, and by precept and example did all they could to turn civilization upside down, have shown

contrition for their crimes, they must stand with the rest of Germany outside the pale. No contribution they could make to learning could offset the outrages in which they participated through the use of their science in fostering the devilish methods of destruction adopted by the German high command, says Omaha Bee. The world has waited for years for a note of protest from these men of science; even the destruction of the University of Louvain did not gain from them a word of disapprobation. Until they show a better appreciation of their position, they must suffer the ostracism that they have so well earned.

PUSS IN THE CORNER

Probably at no period in the history of Glendale has there been more movement on the part of the population, more swapping of houses than in the past three months. It has been a regular game of "Puss in the Corner" on a big scale and is one of the strongest evidences of prosperity because in most instances where a change has been made it has been for the purpose of securing more commodious quarters or because premises occupied by tenants had been sold to permanent residents who desired possession.

Among those who are moving this week are J. K. Gilkerson and family who are going from 233 North Jackson street to 217 North Cedar street. On Friday Mr. and Mrs. Roy King and family, who have been living at 306 North Jackson street, will go to their new home at 214 North Belmont street, where they purchased an old house which has been thoroughly remodeled into a handsome white Colonial structure fit to serve as a palace for kings and princes.

POWER OF PUBLICITY IN NATION'S PROSPERITY

For months the United States government urged all business men to realize that they could "sell" prosperity to the country by big, bold advertising. It urged everybody to advertise heavily; if they were already advertising, to increase their expenditures and broaden their publicity campaign; and if they were not advertising, to begin an aggressive campaign.

Never was better business advice given, never was it more fully accepted, and never was there a greater demonstration of the wisdom of such advice. Business men everywhere commenced to advertise more freely and on broader lines. Many men who had never done much advertising saw a new light and began to advertise, while old-time advertisers made larger appropriations and gave greater heed to the almost limitless power of publicity.

The result is everywhere in evidence. The confidence displayed by heavy advertising begat confidence. The optimism of advertisers created optimism, and the pessimists slunk back into their holes and pulled the holes in after them—permanently buried face downward as is the just desert of every man who becomes a pessimist in America.

Many men at first did not see just how advertising could help their individual business, nevertheless they, too, if broad in vision and patriotic in spirit, began to advertise, following the government's advice, and soon they felt a pride in being numbered among the business leaders who were doing their part toward bringing prosperity to the country, and thus helping to destroy the seeds of bolshevism, which fructify in poverty soils and which die in soils where prosperity is flourishing.

Largely as an outcome of this splendid work, vigorously conducted by the secretary of labor, and to whom great credit is due, everyone now realizes that the country has taken the right road at the forks, and instead of traveling toward the land of poverty and anarchy, is headed straight on the road to the land of abounding national prosperity, and this glorious change is largely due to the power of advertising, which created an air of optimism, and as a nation thinketh in its heart, so is it. The nation is now thinking in terms of publicity-created prosperity, and it realizes as never before that advertising is the great power which has saved us from stagnation and unemployment, and that advertising, big, broad and intelligent advertising, will keep the nation traveling safely on the road of prosperity.

Advertising is, therefore, as so strongly presented by the federal government, a work of patriotism as well as of enlightened selfish business interest—Manufacturer's Record.

TOO MUCH VERBIAGE IN TRAFFIC REGULATIONS

Apparently following the theory that if a little is good a whole lot must be better, the framers of the new motor vehicle law have turned out what appears to be a masterpiece of verbose legislation.

While the new law in many ways is a good one and undoubtedly will have a considerable effect in remedying certain crying evils connected with existing traffic and motor regulations, it appears, on its face, to fall down lamentably in not a few instances, simply because in its drafting, the author apparently tried to be too specific.

Take for instance the passage which pertains to the right of way. The old law very clearly, and in a few words set forth that any vehicle approaching from the right-hand side should be accorded the undisputed right of way—a provision that was easily comprehended and just as easily followed by drivers of vehicles who sought to live up to the law and to the rules of the road.

The new law seeks to provide similarly. But too much language used in setting this out renders it confusing. Read:

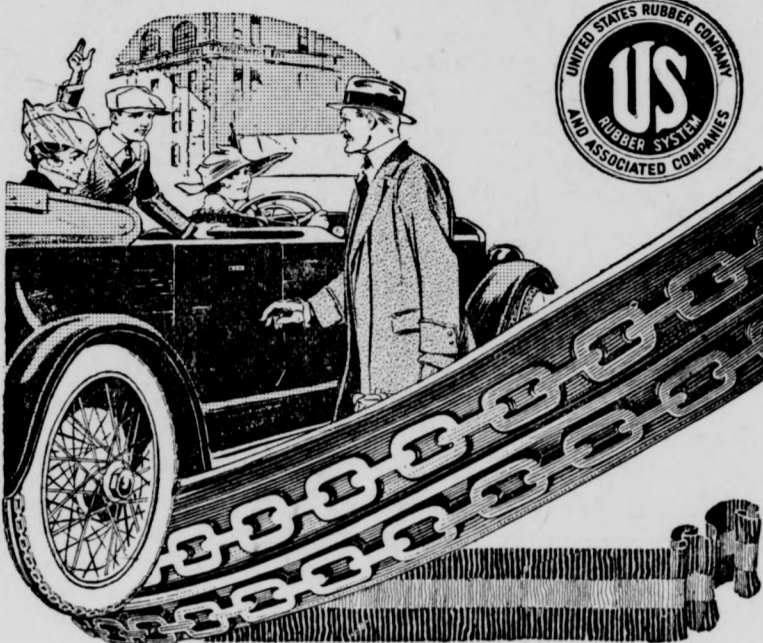

"The operator of a vehicle shall yield the right of way at the intersection of their paths to a vehicle approaching from the right unless

such vehicle approaching from the right is further from the point of intersection of their paths than first named vehicle."

Solomon in all his wisdom could never decide, after a collision had occurred, which vehicle was closest to the intersecting point. The arithmetical problem which every driver must mentally solve in passing another vehicle at an intersection practically nullifies the old and good law which has held since man learned to harness brute. Hereafter there will always be grounds for dispute and if we are any judge there will always be witnesses to swear in favor of both sides when that question of distance is a matter of argument.

The automobile has brought about conditions of traffic not dreamed of when our forefathers trekked across the plains behind their yoked oxen. But the rules that they made for themselves then an d prior to that time are pretty good ones yet. At least they are rich in common sense and after all common sense applied to present conditions would avert about 99 per cent of the road accidents.

A calloused editor armed with a flock of blue pencils and officially attached to the state legislature for the purpose of dressing down all laws before they are presented to the lawmakers might bring great sorrow to a few budding solons upon writing their life history into the state statutes, but he would be a great boon to those of us who are called upon to obey these laws and interpret them at the same time.—Bakersfield Californian.

'Chain' Tread

The Economy of Buying Good Tires

It's mighty poor economy to put cheap tires on your car.

If you can't depend on your tires, you can't depend on your car,

—and you can't get the high grade of service it ought to give you.

It pays to buy good tires—United States Tires.

They represent the highest value it is possible to build into tires.

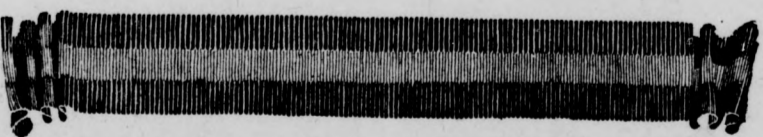

There are five different passenger car treads—the only complete line built by any tire manufacturer.

Each has the built-in strength that means your money back in *extra miles*.

Among them are *exactly* the tires you want for your car, and your driving conditions.

Our nearest Sales and Service Depot Dealer will gladly help you.

United States Tires are Good Tires

Personals

Mrs. M. J. Miner of 458 Ivy street has just returned from a week's outing at Redondo.

Weaver H. Smith of 428 Milford street has gone to Catalina to spend his vacation.

Rev. R. W. Mottern, his daughter, Elizabeth, and son, Dorsy, and Miss Nellie Rowe left Tuesday afternoon for a few days in the mountains at Roberts Camp.

Little Edward Daniels of 207 West Lomita avenue stepped on a rusty rake, Monday, and one tooth of it was run deeply into his foot causing him the most intense suffering.

W. F. Tower of 328 North Maryland avenue is moving two buildings he recently purchased to building lots he owns on East Elk avenue and will fit them up for rental property.

Misses Mabel and Ada Van Hazelen of 352 West Park avenue are spending a two weeks' vacation at Forest Home in the San Bernardino Mountains.

Mrs. C. Stuart Steelman and her sister, Mrs. M. Fleming, of Blythe, who is her house guest, and the Steelman children, are spending a few weeks at the beach where the doctor joins them for week ends.

Mr. and Mrs. Howard Walker, who formerly lived at 429 North Kenwood street, same up from Santa Ana, where they are now residing, to spend Sunday with the J. I. Wernette family.

Miss Avis Thompson of 214 West Harvard street left Tuesday morning for Alamitos Bay where she will spend the week-end with Gladys Sparr. Her sister, Lucile Thompson, is visiting friends in Los Angeles this week.

Mrs. Katherine Shank and Mrs. R. M. Yost of Riverdale Drive are chaperoning a party of little girls on a trip to Santa Monica today (Wednesday), their guests being Tamson Johnson, Reba Hodge, Lucas and Cecil Chase.

Mrs. R. L. Foster of Orange Grove avenue goes to the G. A. R. Encampment at Huntington Beach this week to stay until it is over. Mr. Foster will go down for a day or two, but says that he had enough of tenting during the Civil War.

The J. H. Franklin family and their house guests made up a theatre party Tuesday evening and visited the Morosco in Los Angeles where they saw "Civilian Clothes," which they greatly enjoyed. The group included Mrs. J. H. Franklin, Mrs. Mabel Franklin Ocker, Miss Veta Franklin, Mr. and Mrs. Harry Franklin.

Mrs. M. A. Mercer, of Grant, New Mexico, and Mrs. Charles Vaughn and son of Emporia, Kansas, who have been guests of the Kulp family on East Wilson avenue are visiting in Long Beach this week and will go from there to the reunion at Huntington Beach. They expect to return to Long Beach for the review of the Armada.

Mr. and Mrs. M. P. Harrison and Mr. and Mrs. T. W. Preston spent the week-end at Glen Ranch in Lytle Creek Canyon. They found quite a colony of Glendale people there including George Peters and wife, Mr. Baldwin, Miss Randall, Mrs. John Ray, Mr. and Mrs. J. A. McKelvey, Miss Martha Ray. Mrs. Ray returned with the Harrisons.

Mrs. Blake Franklin and her house guest, Mrs. C. A. Watson, motored to Long Beach Tuesday and entertained at luncheon at Hotel Virginia, two old friends, formerly of Albuquerque, Mrs. W. W. Bowers and Mrs. H. E. Hyre. Mrs. Watson leaves for her Albuquerque home tonight after spending ten weeks in Southern California, with which she is much in love. This is her third or fourth visit to the coast.

Mrs. Stephen Packer came home from the hospital last Saturday and is so far recovered that she no longer needs the services of a nurse. She is recuperating finely and the Packer family will leave Friday for Hermosa Beach where they have secured a cottage and where they will spend the month of August. There is such a big Glendale colony there that they will be among friends and neighbors.

THE ANNUAL CITY ELECTION

In reply to the many inquiries that are being made by citizens of Glendale as to the time of the next city election, the Evening News will say, by authority of City Clerk J. C. Sherer, that the next regular election will take place next April which is only about eight months in the future. At that time the term of office of Trustees F. L. Muhleman, R. M. Jackson and G. B. Woodberry will expire. It is up to the voters of Glendale to use their right of franchise at that time either by re-electing one or more of the present incumbents, or by electing other candidates.

MASONIC NOTICE

Unity Lodge, No. 368, F. and A. M., will confer the Second Degree on four candidates Thursday evening, July 31st, commencing at seven o'clock. Masons in good standing cordially invited.

R. W. MASTERS, W. M.

A. W. TOWER, Sec.

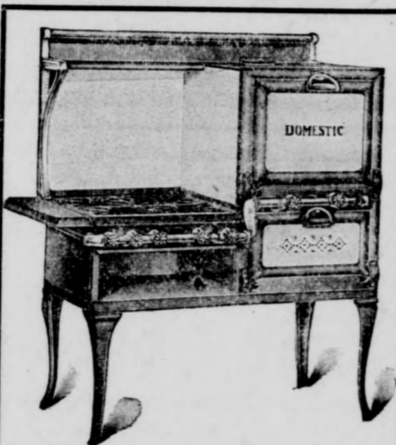

A STRIKING POSTER

City Clerk Sherer is distributing to business houses some beautiful colored pictures, 20x28 inches in size with a shield in the upper left hand corner bearing the historic names, "Cantigny, Chateau Thierry, St. Mihiel, Argonne, Marne." Underneath in large letters are the words: "Put Fighting Blood in Your Business. List Your Employment Needs with the U. S. Employment Service. Here's His Record. Does He Get a Job?" It is signed by the American Red Cross, The Department of Labor and The Department of War.

MARJORIE RAMBEAU TO SELL HOME

For some years Glendale has been the home of numerous stars of the film world, who found it ideal as a residence city on account of its beautiful shaded streets, pure air, cool breezes and real home-like surroundings. Among such are Marjorie Rambeau, Nell Shipman, Helen Holmes, Zoe Barnett and Francelia Billington. We are about to lose one of these, Marjorie Rambeau, who though her work has been mostly in the East has still retained her Glendale home. But now she announces that she will sell her home here as she expects to spend all her time in New York and Europe.

Mrs. George Smith of 320 Milford street has been called to Sacramento by the serious illness of her mother.

WEATHER FORECAST—Fair except cloudy or foggy tonight and in the early morning.

MURPHY BOYS RETURN

HOME COMING OF SOLDIERS CAUSES REJOICING IN HOME OF GEORGE E. MURPHY

There is great rejoicing in the home of George E. Murphy at 421 North Brand boulevard because for the first time in four years all members of the family are together, two of them having been mercifully returned from the carnage of war. G. Edwin Murphy got home a week ago last Friday after having spent a year overseas and Tuesday Sergeant G. Glen Murphy surprised them by walking in unheralded after three years' service in the Canadian army. He enlisted in Winnipeg, Manitoba, where he was a practicing osteopathic physician and was ordered to the front for service. Wounded by the explosion of a shell he was sent to England for recuperation, and after his complete recovery became a remedial instructor. He looks fine and the members of his family feel that they cannot be thankful enough that he and his brother have come back whole and sound.

Sergeant Murphy will be here about two weeks and will then go back to Winnipeg to resume his practice. G. Edwin Murphy has made no plans as yet and will remain here for the present.

CARL E. JOHNSON

Carl E. Johnson passed away at his home in Tujunga Tuesday morning, aged thirty-one years. He leaves a widow, Mina Johnson, who will go east to accompany the body of her husband which will be shipped to Ypsilanti for interment Thursday morning. Deceased had been a resident of Tujunga for about two years and had made a host of friends by whom he was highly respected. His death is a real loss to the community. The Jewel City Undertaking Company of this city have charge of the remains.

RESUMES BAKING AFTER NEEDED REST

Henry Walsma, proprietor of the Broadway Bakery, will be hard at work again early tomorrow morning, refreshed after his three days' vacation. Though his many customers missed their favorite bread, baked so thoroughly in the big revolving oven, they were glad Mr. Walsma and his working force could take this needed rest. They will all flock back in the morning after the familiar loaves.

MASS MEETING ON SEWER QUESTION

As a part of the campaign of education inaugurated by the anti-annexation association of Glendale, a mass meeting will be held Friday evening at the High School at which Frank H. Olmstead, well-known hydraulic engineer, will address the people of Glendale on the question of sewage disposal by municipalities similarly situated. Other vital questions will be dealt with at subsequent meetings.

C. E. CONFERENCE

The Glendale District Christian Endeavor Union will have a conference-social combined, on Thursday evening, July 31st, at the Christian Church, at 7:30 o'clock. This conference will cover all departments of Christian Endeavor. The work of each officer and committee will be given special attention by our able County Union officers as follows:

Pres. and V.-Pres.—Ralph Isbel.
Sec. and Treas.—Arthur Gatter.
Lookout—Harold Cross.
Prayer-Meeting—June Aiken.
Missionary—Lura Hixon.
Social—Irene Bolden.
Music—Chester White.
Quiet Hour—Margaret Gatter.
Junior—Bessie Spears.
Also, Chas. E. Culver, ex-State President, will be with us to take charge of the meeting.
Every Endeavorer in Glendale and Eagle Rock is urged to come. The society having the largest attendance will receive a banner presented by the local Union.
After the conference hour refreshments will be served and a good social time will be enjoyed by all.
Endeavorers! Don't forget! Date—Place—Time.

COLORADO PICNIC

The admission to the Union of Colorado, known as the "Centennial State," because it was admitted in 1876, will be celebrated in Southern California by members of the Colorado State Society with a picnic at Sycamore Grove, Los Angeles, Saturday, August 2d. It will be an all-day affair with headquarters and county registers and hot coffee will be supplied free to all purchasers of State Badges. A brief program of songs and addresses will open about 2 p. m.

AN UNUSUAL EXPERIENCE

Dr. D. R. Dungan of 329 East Lomita avenue had an experience Tuesday that comes to very few men, and it was not a pleasant one. Though in his 83d year he had seven teeth pulled and they pulled exceedingly hard, too. Dr. Dungan comes from rugged pioneer stock and was endowed from his birth with a constitution of iron. When he was a frontier preacher nearly 60 years ago in the then far west, Nebraska, he frequently rode 50 miles in a day and preached the same evening.

TAXLESS ICE CREAM AND SODA WATER SOON

Glendale consumers as well as the seller of ice cream and soda water are anxiously awaiting the removal of the war tax on these favorite delicacies. While the House has voted

overwhelmingly to remove this tax, the Senate's concurrence is necessary. This will undoubtedly come and then there will be a slight lowering of the price. This will take several weeks. This has been the most annoying of all the taxes imposed especially to the dealers.

LENSES

This Time It Goes

According to the new motor law in force July 22nd, every machine MUST be equipped with authorized headlights by August 22nd. No fixing over of the old lenses goes, and remember, the law will be

Enforced to the Letter

No exceptions will be made. So be in time and have your machine fitted at once with authorized lenses. We have in stock and recommend:

GLARELESS, per pair - \$3.50 to \$4.50

SHALER ROAD LIGHTER, \$3.00 and \$3.75

PRIMOLIGHT, all sizes, at - \$2.75

Get them from us and gain advantage of our long experience.

You not only must have lenses, but plenty of light as well.

STATE NEWS

(By United Press)

LONG BEACH, Cal., July 30.—"Watercart turns turtle." Nothing remarkable about that.

"Turtle turns watercart"—well, that's different.

Someone presented the fire department with a giant turtle. But who wanted the turtle? Then some genius conceived a use for it. He strapped a hose and sprinkler to the turtle's back and turned him loose on the fire-house lawn, water turned on.

Careful observation showed that the turtle was most efficient as a water wagon. He stayed just long enough in one place to keep from flooding the area and at the same time give it a good soaking. And in a day he'd just about cover every inch of the lawn. Furthermore, it saved moving the sprinkler every half hour.

The turtle has a steady job, out scientists are losing their hair trying to determine whether the turtle moves to keep wet or moves to keep dry.

HANFORD, Cal.—So diligently has one of the members of the "chain gang" working here under the honor system, that he has been promised the position of foreman of the gang as soon as his time is up. The honor system in Kings county is working to perfection, according to Sheriff Will Hime. In two months not a prisoner has attempted to escape. The men are given time-and-a-half for manual labor, which in prison interpretation means that for every day's work, they get a day and a half out from their sentence time.

SAN FRANCISCO.—So great has been the demand for raisins that the California Raisin Association has been compelled to refuse new orders until the exact tonnage of this year's crop has been determined. This year's yield—a record crop—will aggregate 200,000 tons. The 1918 crop was 175,000 tons. Of the 1919 crop 125,000 tons are Muscats, 10,000 Sultanas, 60,000 Thompson Seedless, while Malagas and others total about 5,000. Final deliveries will be made about November, packing houses opening in September.

SACRAMENTO, Cal.—A warrant for \$10,000, drawn in favor of the

State Board of Health has been issued by John S. Chambers, state controller. The money will be spent in mosquito and malarial control in the Anderson-Cottonwood irrigation district, Shasta county. The state and Federal government are uniting in the campaign.

YOSEMITE VALLEY, Cal.—The new camp to be located in the heart of the famous Mariposa Grove is to be known by the designation of Camp-in-the-Big-Trees. Actual construction has started on the new site, which is to be an enormous convenience to all automobilists since it is so located as to permit them to stop in the grove, rest there and recuperate from the mountain journey.

Transformation of a winery into a cannery is claimed as one of the latest and largest industries in Riverside county. The plant is located at Wineville and will pack all kinds of fruits and vegetables.

A number of Chino, San Bernardino county, ranchers will grow sorghum cane this year and the experiment made last year proved that Chino is a good section for sorghum.

The Watsonville apple district has prospects of a ten per cent. heavier apple crop this year than last. Nearly 2,500,000 boxes were shipped in 1918.

CERTIFICATE OF BUSINESS

Fictitious Firm Name

The undersigned do hereby certify that they are conducting a used automobile and accessories business at 308 E. Broadway, Glendale, California, under the fictitious firm name of Broadway Auto Sales and Supply Co., and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit: Sanford L. 1847 Rogers Bros. Silverware

Rogers Bros. 1847 Silverware has been used for three generations. Your mother and grandmother used this beautiful silverware. It is sold on a fifty (50) year guarantee but will last a lifetime. Beautiful silver is a joy forever. What woman does not love to own and use it? In order to make it easier for the housewife to use this wonderful silverware, we are going to put out 10,000 sets in Southern California at \$1.00 per week. There will be no reason why you should not use and enjoy one of these beautiful sets.

When our representative calls on you give him an interview and allow him to show you the different patterns in 1847 Rogers Bros. Silverware. This merchandise is the best money can buy.

Dinner, 1:00 to 2:00 p. m.

Supper, 6:00 to 7:00 p. m.

Wonderful Opportunities in the Automobile Field

The history of American industries shows nothing which can compare with the rapid growth of automobile manufacturing. In the past few years a wonderful industry has been developed. In the United States alone there are over 500 factories at work on automobile construction, representing a capital of about \$2,000,000,000. Besides there are about 32,000 dealers in the United States employing several hundreds of thousands of men and women.

The development of automobile delivery trucks and light wagons is proceeding rapidly and every year sees the introduction of new makes in large numbers.

The demand from factories, garages, and salesmen for trained men is a direct result of this marvelous growth. The supply of such men is small—their pay correspondingly high. This is the field of opportunity you can enter through the sure, easy Home-Study Courses of the

International Correspondence Schools OF SCRANTON, PA.

Hundreds of thousands have proved it. The designer of the Packard "Twin Six" and hundreds of other engineers have climbed to success through I.C.S. help. For 28 years young men in offices, stores, shops, factories, mines, railroads—in every line of technical and commercial work—have been winning promotion and increased salaries through the I.C.S. Over 130,000 men are getting ready right now in the I.C.S. way for bigger jobs ahead. No matter where you live the I.C.S. will come to you. No matter what your handicap or how limited your means, the I.C.S. have a plan to meet your circumstances. No matter how small your previous education, the simply written, wonderfully illustrated I.C.S. textbooks make it easy to learn.

Complete Automobile Course

If you want to become an expert automobile driver, chauffeur, or mechanic you should study the I.C.S. Course in Automobiles, because it will acquaint you with the principles of operation, the details of construction and the types of apparatus used, making you an expert in your work. The Course is full of hints and suggestions covering all troubles and needs that may arise. As an automobile owner you cannot afford to be without the knowledge contained in this Course, whether you drive your car or employ a chauffeur. Ignorance is not only expensive to the owner, but it is dangerous to the occupants of a car.

Automobile Electric Equipment Course

Through this I.C.S. Course of Home Study any person familiar with its contents will be able to install, test, adjust, and repair intelligently and successfully, as far as it is possible to do so with ordinary garage equipment, all kinds and makes of starting motors, generators, and ignition devices, including magnetos and all modern timer-distributor ignition systems.

SUBJECTS TAUGHT

Electric Ignition
Electricity and Magnetism
Electric Circuits
Magnets and Magnetism
Primary Batteries
Secondary or Storage Batteries
Direct-Current Generators
Details of Construction
Induction Coils

Typical Battery and Generator Systems
Magneto Electric Generators
Details of Magneto Construction
Automobile Operation
Current Distributing Devices
Dynamo and Storage Battery Systems
Magneto Ignition Systems
Single Magneto Ignition Systems
Dual and Double Magneto Ignition Systems
Miscellaneous Ignition Systems
Electric Starting and Lighting
Examples of Electric Systems
Overhauling and Repairs

When everything has been made easy for you—when one hour a day spent with the I.C.S. in the quiet of your own home will bring you a bigger income, more comforts, more pleasures, all that success means—can you afford to let another hour of spare time go to waste? Make your start now. Just fill in your name and address in the lower right-hand corner of this advertisement, and send it to us. We will be glad to explain our plan to you without delay and without any expense or obligation on your part.

May we help you plan Your Summer Vacation ?

DO YOU WANT DETAIL INFORMATION RELATIVE TO SAN BERNARDINO MOUNTAIN RESORTS

Agents of this company, upon request, will provide you with folders descriptive of any of the beautiful, healthful resorts of the San Bernardino Mountains.

They will ascertain for you without cost whether accommodations are available at any of them, and at what cost.

They will advise you and assist you in shipping your own camp outfit to any point accessible in the mountains, and arrange for its return to your home destination after your vacation.

They will arrange all your transportation details gladly, so that every feature of the journey may so far as possible be pleasant and your stay among the great trees of our own mountains the happiest days of your lives.

Call upon them freely.

PACIFIC ELECTRIC RAILWAY

H. L. LEGRAND,
AGENT AT GLENDALE

Will gladly assist you and solicit inquiry
